Spring 2023

ROSEVILLE COMMUNITY SCHOOLS ADDS STEAM COURSES TO MIDDLE SCHOOLS

Roseville Community Schools will be bolstering their course offerings at Roseville Middle School and Eastland Middle School beginning in the fall of 2023, adding four new STEAM (Science, Technology, Engineering, Arts, Math) classes to their roster. These new courses, which will focus on science, technology, engineering, the arts, and math, will be Project STEAM, Introduction to Robotics, Remotely Operated Vehicles, and Media Applications.

Project STEAM: An introductory course for sixth grade students. The class will investigate scientific concepts through project-related activities that students create, design, and build. The course promotes group learning and positive attitudes toward science and technology.

Introduction to Robotics: Offered to students in 7th and 8th grade, the course is geared towards student development towards an understanding of design, prototyping, and team problem solving. Students will participate in a series of project builds to compete in challenges against rival teams. Students will utilize engineering kits, 3D printing, and coding during this introductory course. Students will develop skills in critical thinking, communicating, collaboration, and creativity.

Remotely Operated Vehicles: This course, offered to 7th and 8th grade students, will focus on the engineering design process and collaboration in the production of remotely operated vehicles. Students will brainstorm, prototype, and communicate their processes to create their vehicles. This student-driven class will cultivate a culture of collaboration, communication, critical thinking, and creativity.

Media Applications: Offered to 7th and 8th grade students interested in media arts such as video announcements, student newspaper, and school yearbook. In this class, students will learn how to broadcast video announcements to the school, publish a student newspaper several times during the

school year, and contribute to the school's yearbook. Students will learn the importance of meeting deadlines, working in groups, and being able to work independently.

Assistant Superintendent Dave Rice said that through the creation of the district's strategic plan, staff began identifying areas throughout K-12 where STEAM offerings could be added. "The elementary schools and high school

have progressed more in the past year than the middle schools, so we felt it was important not to have a gap for students who are interested in this area." He said that while the middle schools already have coding classes, these are the first hands-on STEAM classes that will be offered. "Courses like these provide students the chance to discover an interest in engineering and math, and a head start in a

growing number of opportunities that can be found in these areas at the high school level."

Roseville Middle School Assistant Principal Eric Gauthier said that these courses are designed to focus on critical thinking, communication skills, problem solving, perseverance, collaboration, digital literacy, and technology skills. "The courses were designed to align with current and future high school offerings and each of these courses will focus on the engineering design process and 21st century skills."

MESSAGE FROM THE SUPERINTENDENT

One of the toughest things to hear is when a student loses their life. This spring, a Kaiser Elementary School student lost his battle to a genetic heart disease. Kaison was only six years old, and he loved his school. During these tough moments you can really see what type of community Roseville is. The family requested a memorial at Kaiser and called for people to drive big trucks and fancy cars. The Roseville community responded in a big way with so many vehicles driving around Kaiser in honor of Kaison. This is the Roseville I know and I thank all who participated in this special way to honor Kaison's life.

On a more positive note, the district was able to honor outstanding students, athletes, musicians, and more this past month. We have so many great kids in our schools. I personally

want to congratulate William Scheinpflug, a senior at Roseville High School, for achieving the rank of Eagle Scout. As an Eagle Scout myself, I understand what it takes to reach this level.

In an effort to increase the awareness of gun violence, we encourage everyone to participate in the National Gun Violence Awareness Day by wearing orange on June 2. This day honors survivors of gun violence and helps to call for an end to gun violence in all of its forms. One of the best ways to help our students be safe is to secure firearms. This can prevent guns from being stolen or used by a child, hurting themselves or someone else. Your support is appreciated.

Sincerely, Mark Blaszkowski

ROSEVILLE COMMUNITY SCHOOLS WELCOMES BRUN AS NEW BOARD MEMBER

Roseville Community Schools is proud to announce Denise Brun as the newest member of the Board of Education. Brun has been appointed to fill the position vacated by Trustee Michael Anderson, who left the school board for an out-of-state job after serving for five years. Brun will serve the remainder of the term that runs through December 2024.

Brun and her husband have been Roseville residents for over 20 years. They have two daughters: a freshman at Roseville High School and a 2022 RHS graduate. Brun has served the district in a variety of capacities over the years. She started at Kment Elementary, serving as a library assistant and helping to run the school's student health club. She then served on the Kment PTO before moving on to Eastland Middle School, where she filled various officer roles for their PTO. At Roseville High School, she has been very active with the softball program, and currently serves as the secretary for the RHS Band Sponsors. She has also served on the district's marketing committee and the Roseville Citizens Committee that focused on getting information out to the community about the 2018 RCS bond. Brun said that she has been approached various times over the

years by staff and community members who encouraged her to consider serving on the board.

"When the opportunity recently presented itself, my husband and daughters told me I needed to finally go for it. I look forward to helping the district ensure they continue to provide a quality, forward-thinking education for our kids, because that is certainly what they deserve."

In an email to staff, Anderson reflected on his tenure as a board member. "My time on the board has been a wonderful experience. I have learned a lot and had a lot of fun working with my fellow board members, staff, and administrators at Roseville Community Schools. I know the district will continue to be in good hands without me." Roseville Community Schools Superintendent Mark Blaszkowski praised Anderson's time on the board. "Michael was a great board member and while we are sad to see him go, we wish him the best of luck in his new career." Blaszkowski added that the district could not have asked for a better replacement in Brun. "Mrs. Brun has extensive knowledge of our schools having children go through all levels of our district. She has always been very active in extracurricular and leadership positions in our schools, and we are very excited to have her on our team."

Denise Brun is the newest Roseville Community Schools Board Trustee

Brun was sworn in during the Board of Education meeting on April 17

ROSEVILLE HIGH SCHOOL
CLASS OF 2023 TOP TEN STUDENTS

AUSTIN BARNETT (CO-VALEDICTORIAN)

Austin Barnett has maintained a cumulative GPA of 4.214. While at RHS, Austin has been involved in the RHS LINK Crew freshmen transition to high school program as Treasurer, he has served as the Vice-President of the Roseville High School Chapter of the National Honor Society, Vice-President of the RHS Student Assembly, and a captain and letter winner on the varsity swim and cross country teams. Austin is also the recipient of the 2023 Wolverine Scholarship, the most prestigious scholarship Roseville High School awards, which is for graduating seniors interested in pursuing a degree in the engineering or manufacturing fields. Outside of school, Austin participates in service with his church, First Baptist of Rochester, assisting pre-school aged children. He will be attending Grace College in the fall of 2023 to pursue a degree in mechanical engineering.

LAKIYA REESE (CO-VALEDICTORIAN)

LaKiya Reese has maintained a cumulative GPA of 4.214. While at RHS, LaKiya has been involved in the RHS LINK Crew, the RHS Symphonic Choir, and RHS Drama Society musical productions. She is a member of the RHS Chapter of the National Honor Society. LaKiya has been named as a recipient of the College Board's National African American Recognition Award for her performance on the PSAT, SAT, and in advanced placement classes. She is also a recipient of the 2023 McDonald's Black History Makers of Today Scholarship, a scholarship program that recognized just 12 outstanding seniors from across Southeast Michigan. Outside of school, LaKiya participates in service through National Honor Society, works in the Roseville Community Schools latchkey program during the school year, and the RHS Teacher Cadet Program in the elementary extended learning program. She will be attending Macomb Community College before moving on to a university where she hopes to obtain a bachelor's degree in Spanish and Arabic to serve as a translator.

PAIGE TOMALA (SALUTATORIAN)

Paige Tomala has maintained a cumulative GPA of 4.172. While at RHS, Paige has been involved in National Honor Society, Student Assembly, and Dazzle Show Choir. She has also held positions in Symphonic Choir where she has served as Treasurer, Public Relations Coordinator, Vice President and Student Director, the Tabletop Gaming Club, where she has served as Secretary, and Drama Society, where she has served as Secretary and Public Relations Coordinator. She has also held a role in three RHS Drama Society productions. Paige has been named the Roseville-Eastpointe Chamber of Commerce Student of the Year, has received an Honorable Mention on the Macomb County Class of 2023 All-Academic Team, and has been a recipient of the College Board's Advanced Placement Scholar Award for her performance in AP classes. Outside of school, Paige participates in dance, which she has been doing for many years at a competitive level. In the fall, she will be attending college to pursue a Bachelor of Fine Arts Degree in Theatre and/or Musical Theatre.

2022-2023 OUTSTANDING TEACHERS EXEMPLIFY EXCELLENCE

Karen DeMers
ELEMENTARY TEACHER OF THE YEAR

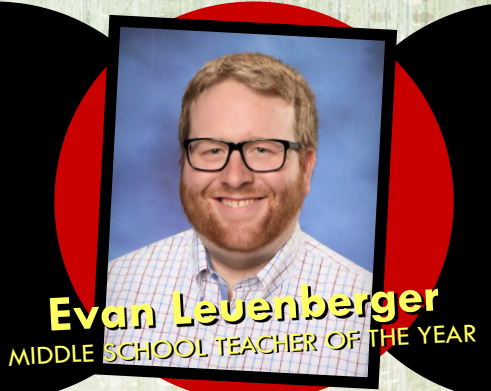

Roseville Middle School is proud to recognize Karen DeMers as the 2022-2023 RCS Elementary Outstanding Teacher of the Year.

Mrs. DeMers has a unique blend of quirky personality, classroom presence, and attention to detail that keeps her students engaged and participating. She is tech savvy and uses multiple media and traditional resources to keep her lessons interesting and current for her students. She reads with character voices and enthusiasm which quickly spreads to her students. They see how exciting the written word can be and they want in on the fun!

Mrs. DeMers collaborates with her partner teachers to help students succeed both academically and socially. She is admired for the way she builds quality relationships with students, providing time for them to talk about themselves, finding out about their lives and what matters to them, and using what she learns to meet the personal needs of each student in her classroom community.

Mrs. DeMers is a respected leader at Steenland Elementary who volunteers on various committees and holds a position as a part-time Instructional Coach to be a voice in decision making that affects students. She attends workshops and learning series about best practices and new materials, which support instruction, while keeping up with current trends in teaching to be able to make informed decisions about the profession in general.

Congratulations, Mrs. DeMers, on being selected as the 2022-2023 Roseville Community Schools Outstanding Elementary Teacher of the Year!

Evan Leuenberger
MIDDLE SCHOOL TEACHER OF THE YEAR

Eastland Middle School is proud to recognize Evan Leuenberger as the 2022-2023 RCS Middle School Outstanding Teacher of the Year.

Mr. Leuenberger is an enthusiastic and dedicated teacher who provides each and every student with the support and encouragement they need to produce work of a high standard. He believes every child can succeed and motivates them by example. Mr. Leuenberger displays many qualities of an outstanding teacher. A colleague said it best, "He is an outstanding teacher because he engages and excites his students. Students love coming to his class every day because he makes his lessons relevant to his students. He can make a difficult concept easy for a sixth grader to understand."

Mr. Leuenberger is a building representative for the teachers' union and a member of the teacher leadership group at Eastland Middle School. He is a vital member of the district curriculum team, dedicating many hours during the summer, as well as after hours, during the school year.

In addition to his commitment to the district, he assists students with after-school tutoring and classroom catchup and is the sponsor for the EMS Video Game Club, which meets twice a month after school. Mr. Leuenberger is committed to improving his teaching and growing in his craft, as evidenced by successfully earning a master's degree to become even better at what he does.

Congratulations, Mr. Leuenberger, on being selected as the 2022-2023 Roseville Community Schools Outstanding Middle School Teacher of the Year!

Dan Chesher
HIGH SCHOOL TEACHER OF THE YEAR

Roseville High School is proud to recognize Dan Chesher as the 2022-2023 RCS High School Outstanding Teacher of the Year.

As the band director at Roseville High School, Mr. Chesher is not just one of our most visible staff members in the community, he is continually developing a classroom and community partnership. He helps lead the charge in building a positive school environment. His bands help create school spirit, involving them in many school activities that support a positive school culture. He takes an active role as a leader in the building to help build a culture that recognizes and celebrates student success.

As a teacher of a unique, performance-based class, Mr. Chesher's ability to work with all levels of musicians is evident in his classroom. He ensures that all students in his class succeed by creating a classroom culture where students take ownership of their learning. Students in his bands are motivated, confident, and proud of their growth and accomplishments, due to instruction that is engaging, motivating, and exciting.

Mr. Chesher can often be found spending time outside the school day working with small groups of musicians, planning, and preparing for festivals, concerts, camps, and multi-day out of state trips. He consistently leads his bands to receive high honors at competitions and festivals. Few teachers have their students on regular display to the public throughout a school year.

Congratulations, Mr. Chesher, on being selected as the 2022-2023 Roseville Community Schools Outstanding High School Teacher of the Year.

In mid-February, the district released the video *RMS: Be the Reason* highlighting Roseville Middle School staff members presenting hand-written notes to students who inspire them to come to school each day. The video quickly gained local and national attention. WDIV Channel 4 and Paula Tutman interviewed staff and students for their February 16 broadcast. The story went national when NBC Nightly News interviewed staff and students for a segment on their Sunday, March 6 show. NBC's Today Show aired the story on March 26 as well. *Be The Reason* was also highlighted in several local and national articles, as well as being featured on New Country 93.1's Goose & Renee morning show.

ALUMNI CORNER

Playing in the Roseville Rec league as a kid, Evan Gates dreamt of playing baseball for the big leagues. Now, he is living out that dream in the San Francisco Giants organization. Evan attended Dort Elementary, Roseville Middle School and Roseville High School. While at RHS, he lit up the scoreboard as the quarterback for the football team, and also starred on the baseball diamond as a pitcher. Off the field, he was a member of the National Honor Society and served as Student Government Class President. He noted Mrs. Baker, Mrs. Jordan, Mr. Flaherty, and Mr. Kaleto as some of his favorite teachers at RCS. After graduating from RHS in 2016, Evan attended Mott Community College where he pitched for two seasons. "After putting together a good sophomore year, I went down to North Carolina A&T where I ended up playing for three years." He spent his summers playing for the Traverse City Pit Spitters, winning back-to-back championships. In the middle of his third season with the team, he got an offer from the San Francisco Giants. "I'm now in my second full year with them and have made my way up to AA." In March of this year, Evan pitched in the World Baseball Classic exhibition, featuring many of Major

League Baseball's top players. "I knew the guys I'd share the field with that night were the best of the best. I had to look around and absorb the moment and certainly enjoyed every bit of it. I learned a lot and am just so thankful that I was given the opportunity to get in the game night and pitch for Team USA!" In the off-season, Evan still works with the summer ball organization he played for in high school, passing along his knowledge to the next generation of ball players. "It is a task that I don't take lightly because they are trusting me to help them reach the next level. I want to help them as much as I can so they might get a chance to experience some of the things I've experienced." Evan praises his "great family" as well. "Both of my parents work/worked for Roseville schools and my sister went to school with me as well. I also have a wonderful girlfriend named Emily who has been such an addition to this journey of life I am in." In his spare time, he enjoys golfing and holding bible studies with his teammates. Evan added that he is grateful to grow up in Roseville, saying his experiences helped to mold him into who he is today. "I got to live out the slogan we had in high school on the PA announcements, 'make it a great day or not, the choice is yours' and that still rings true."

Do you know of a former Roseville student who's doing great things? Let us know!

BANDS ON THE RUN

The past several months have been jam-packed with fun opportunities for Roseville band students! On March 14, members of the RHS Jazz Band and Jazz Ensemble had the privilege of being the opening act for the Scott Gwinnett Jazz Orchestra at Aretha's Jazz Cafe in the historic Music Hall in downtown Detroit. A few days later, RHS band members took a trip to Nashville where students and chaperones visited the Lost River Cave Tour in Kentucky, had dinner at the Santa Fe Cattle Company, and took a guided walking tour of downtown Nashville. They also visited the Nashville Zoo, the Musicians Hall of Fame, Madame Tussaud's Wax Museum, and caught a live show at The Grand Ole Opry. The district's annual Band-O-Rama concert was held on March 30, featuring performances from the elementary combined band, the Roseville Middle School and Eastland Middle School bands, as well as the Jazz Ensemble, Jazz Band, and Symphonic Bands from Roseville High School. In April, several RCS middle school and high school students were selected for the MSBOA District 16 Honors Bands. 7th Grade Honors Band: Aniyah Bulley and Chloe Coghe. 8th Grade Honors Band: Franklin Zinni, Peyton Redford, Lyla Davis and Traegen Green. High School Jazz All Stars: Daniel Duhaylonsod, Katelynn Miller, and Jessica Olinger. Students were nominated by their band teacher, and then selected by a committee of music educators from MSBOA that reviewed nominations from over 40 schools in the area. The Honors Bands students performed at the county concert on April 18.

On March 13, nineteen Roseville High School seniors took part in the 2023 Student School Board at the Administration Building. The students shadowed board members and administrators, ran the Monday evening board meeting, and honored a teacher or staff member who has made a difference in their lives. The future is bright with these young leaders.

The annual RCS Scholarship Foundation Winter Gala was held on Saturday, February 25 at the Vintage House. Between tickets, basket raffle sales, sponsorships, and donations, the Foundation raised over \$22,000 for the 2023 Foundation graduates. Thanks to all Roseville High School graduates. Thanks to all who helped make the event a huge success.

34 Eastland Middle School students took a field trip to Chicago in early April. Students and chaperones toured the windy city for several days, including visits to Millennium Park, Museum of Science and Industry, Shedd Aquarium, Field Museum, a tour of Soldier Field, and much more.

Congratulations to the RHS Symphonic Choir for receiving a "1" rating at the district level choral festival, with all four judges giving the group a nearly perfect score. Additionally, the All-City Choir concert made its return on March 9, featuring performances by the fifth grade all-city, middle school, and high school choirs.

Congratulations to the REST Robotics team who participated in the FIRST Detroit District event in mid-March. The team finished in 9th place out of 40 teams. Thank you to the REST sponsors Suburban Bolt & Supply, Brose North America, the RHS Booster Club, and the Argosy Foundation.

In February, Green Elementary celebrated fifth graders who became published authors. Ms. Durst-Wahl, Ms. Smith and Mr. Kawiecki worked with students who submitted their writings and illustrations. Dr. Crittenden gathered their works and submitted it all to the publishers to create books that will last a lifetime at Green Elementary.

MARCH IS READING MONTH

KAISER ELEMENTARY

Kaiser held their March is Reading month kickoff assembly with a theme of "Under The Sea!" Mrs. Grider dressed up like the character Maui from the movie *Moana*. Kaiser had several guest readers including author and 1990 RHS graduate Greg Ruvolo (pictured), Roseville Public Library reps, Roseville police officers, RHS band members and administrators, RHS band students, and Kaiser family members. During the month, students logged 20,000 reading minutes as a school.

GREEN ELEMENTARY

Green Elementary students kicked off their "For the LOVE of Reading" March is Reading month theme with an assembly by retired RCS teacher, Mr. Gene Picor, who introduced students to historic games, songs, and stories about Michigan history. Many guest readers visited to share their favorite books with classes. Green also held a reading night for families where parents and students were invited to listen to stories read by staff members and enjoy a snack.

PATTON ELEMENTARY

An exciting reading month kicked off at Patton with an assembly announcing the theme "Reading is an Adventure!" Student goals were to log their monthly reading minutes and complete various reading activities, including a bookmark contest and posting a picture reading in an adventurous place. Student incentives included the top classroom receiving a glow party. Guest readers included Superintendent Mark Blaszkowski, Roseville police officers, guest parent readers, and family members of staff.

DORT ELEMENTARY

Dort started off the month with a March is Reading Month Assembly and introduced the book *Charlotte's Web*. All students and staff members were given their own book. Students that completed the monthly reading activities were treated to a snack and a drink during the playing of the movie. The RHS football team read to fifth graders and played some football with them at recess. At the wrap-up assembly, three students won raffle baskets that included items such as books, candy, and toys.

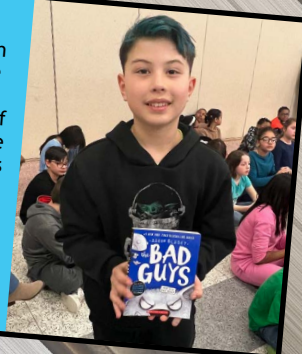

STEENLAND ELEMENTARY

The RHS Varsity Cheer team and Petey the Panther helped Steenland kick off their sports-themed March is Reading Month assembly. Local authors Scott Bozek and Kelly DiPucchio (pictured) presented their unique style of writing and books to students, while encouraging them to keep reading and writing for fun. The school participated in a "Reading Madness" book bracket, and multiple guests came to read, including Board President Theresa Genest, Superintendent Mark Blaszkowski, Assistant Superintendent Pete Hedemark, Kaiser Principal Mrs. Grider, officers from the Roseville PD, representatives from the Roseville Library, multiple parents, and students from RHS.

KMENT ELEMENTARY

Kment kicked off March is Reading Month with an assembly and the theme "There are Readers Among Us!" Students read *Mac B. Kid Spy*, *Mac Undercover* as part of the month-long celebration. The Roseville Public Library visited each class to discuss all the exciting programs they offer. Several guest readers stopped by to read to students, including author Jodi McKay, Superintendent Mark Blaszkowski, and RCS school board members Gina Aiuto and Theresa Genest.

FOUNTAIN ELEMENTARY

Fountain started off the month with their March is Reading Month assembly, introducing the theme "Get in the Game and Read." Every classroom chose a board game and decorated their door corresponding to the game. Fountain had several guest readers including State Representative Kim Edwards (pictured), County Commissioner Harold Haugh, representatives from the Roseville Public Library and the Roseville Police Department, as well as RCS board members and administrators.

UPCOMING DATES

May 25: RHS Senior Prom

May 29: No School

June 6: RHS Graduation

June 13-15: Half Days (End of Year)

July 10: Summer Programs Start

September 16: RCSSF Golf Outing

SUMMER EXTENDED LEARNING PROGRAMS

ELEMENTARY EXTENDED YEAR

For current K-5 students
Location: Kment Elementary
Times: 8:30 a.m. - 3:00 p.m.
July 10- August 10

KINDER CONNECT/FIRST FUNDAMENTALS

For RCS students registered for kindergarten or first grade in the fall
Location: Patton Elementary Times: 8:30 a.m. - 12:30 p.m.
July 10- August 3

MIDDLE SCHOOL READERS & WRITERS CAMP

For current RCS students going into grades 6-8 in the fall
Location: RMS
Times: 9:00 a.m. - 12:00 p.m.
July 10- August 10
