## Weather Guidelines for Roseville Community Schools:

1. When the actual temperature and wind-chill factor are below 10 degrees, students remain indoors.
2. Students are to be admitted to the building 10 minutes before the start of school.

Parents, please be aware that with the winter season approaching, children should attend school dressed warmly and ready for outdoor weather.

Recess is an important part of the day and students will still go outside during the winter months if the temperature and wind-chill factor are not below 10 degrees. Thank you!
