Welcome to March and the (hopeful) approach of warmer weather. Hopefully the old saying of March “comes in like a lion and goes out like a lamb” holds true, but not so true that we continue to face the school closures for weather like we had in January! March is a time where we begin thinking and planning for Spring and the end of the year, and this newsletter is full of information to help you with that.

### Change of Building Schedule: State Testing April 9 and 10.

April 9th and 10th are the designated days for the state assessments of PSAT 9 for freshmen, PSAT 10 for sophomore, and SAT and M-Step for Juniors. RHS will have a change of building schedule for those 2 days. Please see the contents of this newsletter for more info. It is extremely important you make sure your students are in school and on time these days.

### Device Reminders

I just wanted to remind everyone that at RHS we expect student devices to be out of sight during instruction. As parents and guardian, please help reinforce that message.

### What we see and hear:

Parents go two ways with phones. Some parents are in favor of strict bans and want us to hold these boundaries. Other parents are calling and texting students during school and get upset at us for dealing with phones.

*cont'd from previous page*

Why we need them away during instruction:

All the reasons below tie into our core school values of Responsibility, Healthy Decisions, and Safety we actively teach students

*Learning:* High School students are still developing their executive functioning skills; they have a difficult time staying away from social media and controlling impulses. They need to be taught digital citizenship skills and how to have a healthy relationship with screen time.

*Work skills:* Adults can't always be on their cellphone at work. Even though as a society we're used to being able to quickly reach others and get an immediate response, parents can still reach their child through the school office.

*Social Media Issues:* There are also issues around bullying on social media. It's even more important than ever to teach students how to make positive decisions in and out of school. Some students have a very unhealthy relationship with technology and struggle without that dopamine fix of getting likes, comments and followers. This sometimes drives students to do more and more questionable things to get those online interactions. Because social media is a space not monitored by adults, students feel empowered to do things that wouldn't be allowed in other spaces. This also means there are no adults around to help process what happens, and to provide guidance as students navigate the online world.

**Senior Info and Important Dates**

**Seniors must return all school property and have all fines paid in full to receive their cap and gown prior to graduation and be able to walk in our Graduation Ceremony.**

By this point, cap and gown orders need to have been placed. If you have not, you must visit [www.migrads.com](http://www.migrads.com)

If your senior is planning to wear a previous graduate's cap and gown, you **must** contact my office at (586)445-5542 to let us know so that graduation seating charts are correct.

Thank you,

Jason Bettin

Principal, RHS

Did you know that missing 10% (typically 18 or more days) of a school year is considered chronically absent? The research is clear, missing 10% or more of a school year has negative impacts on grades, learning at the same pace as peers, and even graduation rates. Good attendance is an important workforce skill to demonstrate as well. Is your child struggling with attendance? Need Resources?

# **IMPORTANT PARENT INFO:**

## **State Testing and School Calendar Changes**

As we do every April, RHS will be having students participate in the required State of Michigan Assessments.

We will have a “Change of Building Schedule” for April 9th and 10th to allow us to have students participate in testing in a small, focused environment to help ensure their success:

### **Wednesday, April 9**

- 10th grade students report 7:40 – 10:15 to take the PSAT 10. Breakfast will be provided.
- 11th grade students report 10:30 – 2:45 to take the PSAT. Early lunch will be provided to 11th grade only
- Note dismissal times are based on students being at school on time for testing to begin.
- 9th and 12th grade students do not have school on this day.

### **Thursday, April 10**

- 9th grade students report 7:40 – 10:15 to take the PSAT 8/9. Breakfast will be provided.
- 11th grade students report 10:15 – 2:45 to take the ACT WorkKeys. Early lunch will be provided to 11th grade only.
- Note dismissal times are based on students being at school on time for testing to begin.
- 12th Grade reports 1:30 – 2:45 pm for their Spring Senior Class Meeting to go over the end of the year and Prom, National Decision Day and Graduation slideshow info confirmation, Senior final requirements, and participate in getting ready for other end of senior year celebratory tasks.
- 10th grade students do not have school on this day.

Students in our Cognitively Impaired Special Education Program who take the Mi-Access as their required state assessment will not report either day.

Bus schedules, more information about specific schedules, and school expectations for students on their specific testing days specific days will be shared as we get closer to April 10th and 11th.

Congrats to our Girls Varsity Basketball team who captured the MAC Gold Division Championship on Feb. 25! On to MHSAA Districts where they gave a 1st Round bye!

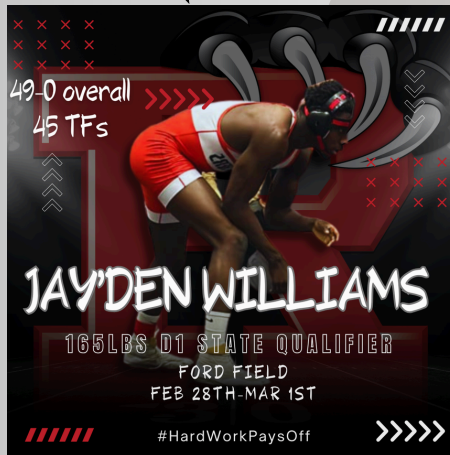

The RHS Swim Team gathers for a quick team photo after a recent meet.

Roseville grad and member of the first hall of fame class, Rich Maloney, is closing in on his 1000th win as a college baseball coach.

Rich has earned wins coaching at Western Michigan University, University of Michigan, and Ball State.

Sophomore Jay'Den Williams is the District & Regional champion at 165lbs, earning himself a berth at the individual state tournament. He enters with a perfect 49-0 record and just broke the MHSAA State record for Technical Falls in a season, with 45 (previous state record was 43).

Sophomore Darnel Boyd was the District champion and took 3rd place in the region at 175lbs. He's also earned himself a spot at the individual state tournament. He'll enter with a 34-7 record.

MHSAA Individual State Championships are held at Ford Field on February 28th & March 1st.

Students... Did you get one of these on your car?

## **Roseville High School is a CLOSED CAMPUS**

This means that students cannot have lunch delivered to them. Every student receives free breakfast and lunch every day or they can bring a cold lunch if they so choose.

A **CLOSED CAMPUS** also means that students are not allowed to leave for lunch. Students that do leave campus without permission will not be allowed back in the building; they will be sent home and suspended for the next day.

Class time will not be interrupted for delivery of forgotten items.

*The Roseville Community Schools Scholarship Foundation began with a dream and a goal when it was established by the Roseville Kiwanis Club in 1963. The dream was to touch the lives of Roseville's young people; the goal was to raise funds to aid them in their continued educational quests.*

*In 1984, the Roseville Board of Education joined the the ongoing project. Today, citizen volunteers, educators, business representatives, and local leaders assist in the process of raising funds and allocating scholarships to deserving recipients. This year, we awarded 63 \$1200 scholarships to recipients.*

*In April 2022, the Foundation officially became a 501c3 organization. This allows additional opportunities to receive donations from individuals and companies wishing to donate to a charitable organization. If you own, work for, or know of a company looking for a charitable organization to donate to, we would greatly appreciate you sharing the Roseville Community Schools Scholarship Foundation name with them.*

# Child Protection Registry

*Protecting Families from Predatory Marketing*

**"The state's interest in protecting the well-being, tranquility, and privacy of the home is certainly the highest order in a free and civilized society."**

-Frisby v. Schultz, 487 U.S. 474

## **What is the Child Protection Registry?**

The Child Protection Registry has been a success since 2005 in Utah and Michigan. Modeled after the national Do-Not-Call legislation it is a "Do-Not-Contact" program that allows families to prevent adult product solicitations to their electronic contact points. This registry blocks advertisements or promotions of products that minors are prohibited from purchasing, including alcohol, tobacco/vaping, gambling, pornography and illegal drugs/marijuana. The Michigan Child Protection Registry is administered under the Michigan Secretary of State Office.

## **Why is a registry like this important?**

Children as young as two are spending more time on computers, tablets and cell phones than ever before. Marketers, selling adult-oriented products, are also using technology more and more to promote their brands and services. Unfortunately, the solicitations these companies are sending are falling in front of the eyes of minors through their email, text messages, and certain apps. We have laws in place to protect children from this kind of marketing in stores, in magazines, and on television—the registry would extend those protections to the digital world.

## **Who can register?**

Any electronic contact point to which a minor may have access can register for this service free-of-charge, including parents, grandparents, care-givers, schools and institutions.

## **How does it work?**

Individuals interested in not receiving adult product solicitations can register their email addresses, Snapchat, Instagram, Twitter, TikTok, Discord, Twitch, YouTube and cell phone numbers at [www.ProtectMICHild.com](http://www.ProtectMICHild.com). Adult-oriented solicitors will then scrub their contact lists against the registry. Registered emails and other "contact points" will then be removed. The marketers will NOT have access to the actual contact point information. The registry does not store in its database a list of identifiable subscribers.

## **Do children still use email?**

Social media sites and mobile apps require an email address to register for their service. Many schools require children to have email addresses to correspond with their teachers. Email is still a preferred form of communication and will continue to be into the future.

## **How is the registry enforced?**

Violations will be reported by recipients, at which point fines may be assessed. Marketers have 30 days to scrub registered contact points from their lists before complaints may be filed.

## **What's the fiscal impact?**

The registry generates its revenue by charging adult product marketers a small fee based on the number of addresses they check against the registry, so there will be no fiscal impact to any state that participates. In fact, the Utah and Michigan registries have generated a nominal revenue for those states.

## **Does it work?**

Today over one million contact points have been protected in both Utah and Michigan. Since going live, both states have generated over a combined \$1.25 Million in revenue to protect children online, and millions of adult content messages have been blocked from targeting children and families.
